## EXPERIENCE

**CarvingIt / Web Developer Intern**

April 2024 - Current

- **Contributed to Real-Time Projects:** Actively involved in the development and maintenance of client-facing websites, ensuring high performance and responsive design.
- **Front-End Development:** Utilized HTML, CSS, and JavaScript to build and enhance web pages, focusing on user experience and interface design.
- **Design Improvements:** Implemented design changes across various projects, improving overall user experience and aligning with client requirements.
- **Independent Project Work:** Successfully completed individual projects, demonstrating the ability to manage tasks independently and deliver on time.
- **Collaboration & Teamwork:** Worked closely with senior developers and other team members to solve complex problems, contributing to project success.
- **Continuous Learning:** Engaged in ongoing learning to stay updated with the latest web development trends and technologies, applying new knowledge to improve project outcomes

**Freelance / Web Developer**

June 2021 - March 2024

- **Client-Based Projects:** Designed and developed custom websites for various clients, delivering tailored solutions that met their specific needs and business goals.
- **Responsive Web Design:** Created mobile-friendly websites using HTML, CSS, and JavaScript, ensuring optimal performance across devices and browsers.

- **Full Project Lifecycle Management:** Managed all stages of web development, from initial consultation and requirement gathering to design, development, testing, and deployment.
- **SEO and Optimization:** Implemented SEO best practices to enhance website visibility and search engine rankings, driving more traffic to clients' websites.
- **Communication and Collaboration:** Maintained clear and consistent communication with clients, ensuring that project milestones were met, and expectations were exceeded.

## PROJECTS

### **Photographer's Portfolio Website - Freelance** / HTML, CSS, JavaScript **2021**

- Developed a static one-page website for a photographer's business, "Vows and Lens" ([vowsandlens](https://vowsandlens.com)).
- Designed the layout to showcase the photographer's portfolio in a visually appealing and organized manner.
- Implemented responsive design techniques to ensure the site looks great on all devices.
- Optimized the website for fast loading times, enhancing user experience.

### **Greentech Solutions- Freelance** / HTML, CSS, JavaScript, Bootstrap. **2022**

- Developed a website for Greentech Solutions, a company specializing in solar panel installation and related services under Tuljai Group ([grouptuljai.in](https://grouptuljai.in)).
- Designed the site to highlight the company's services, including detailed service pages and customer testimonials.
- Ensured the website was responsive and accessible across different devices, providing a seamless user experience.
- Worked on optimizing the website for faster load times and better search engine performance, enhancing its visibility online.

### **YKS Sizzlers – Restaurant Website - Freelance** / HTML, CSS, JavaScript. **2023**

- Developed a website for YKS Sizzlers, a restaurant in Pune ([ykssizzlers.com](https://ykssizzlers.com)).
- Designed and implemented an engaging and user-friendly interface to showcase the restaurant's menu and ambiance.
- Focused on responsive design to ensure the site was accessible and visually appealing on both desktop and mobile devices.
- Applied SEO best practices to improve search engine rankings and increase the website's visibility, helping attract more potential customers.

### **Landing Pages – BricSPACE- Real Estate Project- Freelance** / HTML, CSS, JavaScript **2023**

- Created 14 landing pages tailored for BricSPACE's ad campaigns, focusing on lead generation and conversions.
- Ensured all landing pages were fully responsive, providing a seamless user experience across all devices.
- Integrated CAPTCHA to safeguard the landing pages against bot attacks and ensure secure user interactions.
- Integrated LeadRat API for efficient lead capture, allowing for streamlined data management and follow-up.
- Collaborated closely with BricSPACE's marketing team to align the landing pages with overall campaign goals.

### **Manik Phase I – Yogeshwaribuildcon – Real Estate - Freelance** / HTML, CSS, JavaScript **2024**

- Developed a single-page website for the MANIK PHASE I project under Yogeshwaribuildcon, a real estate developer. ([Manik Phase I](https://manikphase1.com))
- Designed the website to effectively showcase the project's features, layout, and amenities, targeting potential buyers.
- Focused on creating a visually appealing design that aligned with the branding of Yogeshwaribuildcon.
- Successfully hosted the website, ensuring reliable performance and accessibility for users.
- Integrated a contact form where submitted data is directly sent to the client via WhatsApp, enabling quick and efficient communication.
- Collaborated with the client to understand their needs and incorporated feedback to deliver a website that met their expectations.

## **Earthycompanions - CarvingIt** / HTML, CSS, JavaScript, Bootstrap

2024

- Tasked with implementing design changes to the "Earthy Companions" website as per the client's specifications.
- Worked closely with the client to understand their requirements and made adjustments to the website's layout, color scheme, and overall aesthetics.
- Focused on improving the user experience by refining navigation, enhancing visual elements, and ensuring consistency across the site.
- Ensured that all design changes were responsive and maintained the website's functionality across different devices.
- Regularly incorporated client feedback throughout the design process to deliver a final product that met their expectations.

## **NovaTekno – Corporate Website - CarvingIt** / HTML, CSS, JavaScript, Bootstrap

2024

- Individually assigned to complete the website for the client company NovaTekno during the internship at CarvingIT.
- Developed a full-fledged website for NovaTekno, ensuring all functional and design aspects were aligned with client requirements.
- Focused on creating a professional and modern design that effectively represented the client's brand and services.
- Regularly communicated with the client to gather feedback and made necessary adjustments to meet their expectations.
- Successfully delivered the project, ensuring client satisfaction and a smooth user experience on the website ([Nova-Tekno](#)).

## **SimulationPulse – Company Website - CarvingIt** / HTML, CSS, JavaScript, Bootstrap

2024

- Worked on the front-end development of the SimulationPulse website during the internship at CarvingIT.
- Handled the front-end part as part of a team, focusing on creating an intuitive and responsive user interface.
- Collaborated closely with team members to ensure seamless integration of front-end elements with back-end functionalities.
- Applied modern web development practices to enhance the visual appeal and functionality of the website.
- Regularly participated in team meetings to discuss progress, share feedback, and coordinate tasks.

## **CarvingIt Website Redesign – CarvingIt** / HTML, CSS, JavaScript, Bootstrap

2024

- Redesigned CarvingIT's company website using Bootstrap, enhancing its visual appeal and user experience.
- Implemented responsive design principles to ensure the website was accessible and functional across various devices and screen sizes.
- Focused on modernizing the site's layout, improving navigation, and incorporating brand elements to create a cohesive and professional look.
- Utilized Bootstrap's components and grid system to streamline the design process and ensure consistency across the site.
- Collaborated with the team to gather feedback and make iterative improvements to meet the company's objectives and enhance user engagement. ([CarvingIt](#))
